

STROKE & TURN JUDGE Volunteers: You're the hero & you can learn this in seconds!

There is a problem today: Every piece of paper on deck at your swim meet adds time and stress to timers. No more!

STROKE & TURN JUDGE

Cut-out writing on wet DQ slips...FOREVER! YOU start the clock on EVERY timers' device at the same time. A synchronized start!

Only see DQ Infractions relevant for current event. Make a DQ with a couple taps

Log of all your DQs in the swim meet. Instantly recall any infractions you've made throughout the meet with the Judge's "clipboard".

No DQ? No action. Your device's heads-up display keeps track of the current event/heat in the water. Cruise through the freestyle events without doing much & brace for 8 & Under breaststroke :)

Getting Judges to volunteer is easy. Any judge can download the app for free on an iOS device.

All the control minus the wet paper. Leave the bureaucracy of officiating in the past. Anyone can do this. Attract new volunteers with an app they simply use on their phone. No secret handshake; no permission required. You're in the club.

Compare Meet Central™ Starter to your old paper system

Feature	Meet Central™	Paper System
Heads-up display of current event and heat in the water	✓	✗
Event-specific infraction list. No excess information	✓	✗
Judge "clipboard" keeps your entire log of DQs for swim meet	✓	✗
Available on your iOS device--download for free!	✓	✗
Just tap heat, lane, and infraction(s). App handles the rest!	✓	✗
Telling a coach "check stack of DQ slips" for info on DQ reason	✗	✓
Number 2 pencil required to fill out your wet DQ slips	✗	✓

If you're still running a paper swim meet, Meet Central™ is for you. No touchpads required. Buy today!
